PROFILE INFO

I am a fresh graduate who has great interest and basic skills in Front-End Development. With a strong basic knowledge of HTML, CSS, and JavaScript, as well as early experience in building responsive and user-friendly web interfaces, I am committed to continuously learning and developing my abilities. As a beginner, I am open to new challenges and always ready to contribute in a team to create innovative and engaging digital solutions.

EXPERIENCE

Web Development Assignment Assistance

Jan 2023 - Present

- Experience assisting web project development as part of technical support, both on the frontend and backend sides. In frontend development, I am skilled in using HTML, CSS, and JavaScript to design responsive and attractive user interfaces. For the backend, I am experienced in using PHP to develop server-side logic and integrate the system with the database efficiently. I am also familiar with managing databases through PHPMyAdmin, including performing CRUD (Create, Read, Update, Delete) operations, ensuring data integrity, as well as optimizing database structures for better performance. This experience has not only enhanced my technical capabilities, but also helped me understand clients' needs better and provide effective solutions.

Internship at Diskominfo Klaten

July - Oct 2022

Concentration in Computer Network Technician

- Assistant in the Fiber Optic network section, responsible for assisting the installation and arrangement of Fiber Optic cables on street poles, ensuring the installation is carried out according to safety standards and technical efficiency.

EDUCATION

Diploma in Computer Technology

Sep 2023 - Present

Indonesia Digital Technology University

- concentrations of Computer Networking, Web Development, and Internet of Things (IoT). This academic focus gives me a strong foundation in designing and managing network systems, developing responsive and dynamic web applications, and integrating IoT solutions for modern technology needs.
- Related courses: Web Client Programming and Web Server Programming.

Computer and Network Engineering Vocational High School

July 2020 - May 2023

Muhammadiyah 1 Klaten Utara Vocational High School

- A major that focuses on deepening Computer Networking, designed to provide an in-depth understanding of network technology while reinforcing Islamic values. The program also aims to shape the character of students who are virtuous and noble.

TENTANG SAYA

Saya adalah seorang fresh graduate yang memiliki minat besar dan keterampilan dasar di bidang Front-End Development. Dengan pengetahuan dasar yang kuat tentang HTML, CSS, dan JavaScript, serta pengalaman awal dalam membangun antarmuka web yang responsif dan ramah pengguna, saya berkomitmen untuk terus belajar dan mengembangkan kemampuan saya. Sebagai pemula, saya terbuka terhadap tantangan baru dan selalu siap berkontribusi dalam tim untuk menciptakan solusi digital yang inovatif dan menarik.

WORK EXPERIENCE

JOKI TUGAS PENGEMBANGAN WEB

Jan 2023 - Sekarang

- Saya memiliki pengalaman membantu pengembangan proyek web sebagai bagian dari dukungan teknis, baik pada sisi frontend maupun backend. Dalam pengembangan frontend, saya terampil menggunakan HTML, CSS, dan JavaScript untuk merancang antarmuka pengguna yang responsif dan menarik. Untuk backend, saya berpengalaman menggunakan PHP untuk mengembangkan logika server-side dan mengintegrasikan sistem dengan database secara efisien. Saya juga terbiasa mengelola database melalui PHPMyAdmin, termasuk melakukan operasi CRUD (Create, Read, Update, Delete), memastikan integritas data, serta mengoptimalkan struktur database untuk kinerja yang lebih baik. Pengalaman ini tidak hanya meningkatkan kemampuan teknis saya, tetapi juga membantu saya memahami kebutuhan klien dengan lebih baik dan memberikan solusi yang efektif.

MAGANG DI DISKOMINFO KAB KLATEN

Juli - Okt 2022

Konsentrasi di Bidang Teknisi Jaringan Komputer

- Asisten di bagian jaringan Fiber Optik, bertanggung jawab membantu pemasangan dan pengaturan kabel Fiber Optik pada tiang jalan, memastikan instalasi dilakukan sesuai standar keselamatan dan efisiensi teknis.

EDUCATION

Sep 2023 - Sekarang

Diploma Teknologi Komputer

Universitas Teknologi Digital Indonesia

- Konsentrasi di Teknologi Komputer.
- Mata kuliah terkait: Pemrograman Web Client dan Pemrograman Web Server.

Sekolah Menengah Kejuruan Teknik Komputer dan Jaringan

Juli 2020 - Mei 2023

Sekolah Menengah Kejuruan Muhammadiyah 1 Klaten Utara

- Jurusan yang berfokus pada pendalaman Jaringan Komputer, dirancang untuk memberikan pemahaman mendalam tentang teknologi jaringan sekaligus memperkuat nilai-nilai Islam. Program ini juga bertujuan membentuk karakter siswa yang berbudi pekerti luhur dan berakhlak mulia.
